REPLY TO OFFICE ACTION

Applicants wish to thank Examiner Huang for the helpful telephonic interview of this case on Wednesday February 18, 2004. During the interview Examiner Huang suggested several amendments to claim 1. First, the Examiner suggested replacing the term "YN-Q" with "YN-R" in order to mirror the specification. Second, the Examiner proposed replacing "comparison to any opioid of formula YN-Q comprising an organic residue YN..." with "comparison to any opioid of formula YN-R wherein YN of YN-R is identical to YN of said compound and R of YN-R is H, -CH<sub>2</sub>CH=CMe<sub>2</sub>, phenethyl, cyclopropyl, or an alkyl of 1 to 6 carbon atoms." Finally, the Examiner proposed replacing the limitation that YN and the amidine or guanidine group be "separated by 1 to 6 atoms" with "separated by 1 to 6 carbon atoms." With respect to claiming the charged heterocyclic rings, the Examiner agreed to withdraw the new matter rejection if the claims were amended to read "R<sup>1</sup> and R<sup>3</sup> together complete a
